International Journal of Mental Health Nursing (2003) *12*, 295-297

Subject Index

accessing community mental health services 279
acute mental health nursing; nurses' perceptions of mental health assessment 203
acute psychiatric care; close observation 165
aggression and violence 64
alcohol and drug treatment for women 48
antipsychotic; patients' experiences of depot antipsychotics 110
assaults; threats and violence against nurses 56
assessment
  nurses' perceptions of mental health assessment 203
  tools; going beyond psychotropic medications 11
assistants in repeated transcranial magnetic stimulation 22
Australia; children of mentally ill parents 223

beliefs; alcohol and drug treatment for women 48
bicultural; professional practice questionnaire 259
book review 160
boundary violation in childhood sexual abuse 186
burnout and job satisfaction 39

care narrative; tidal model: recovery in mental health 96
children of mentally ill parents 223
cigarette smoking; schizophrenia–smoking association 119
clinical indicators; professional practice questionnaire 259
clinical research; implementing research findings 251
clinician; alcohol and drug treatment for women 48
cognitive impairment; hassles and uplifts 271
cognitive therapy model 30
collaboration; cognitive therapy model 30
colonization; tidal model: recovery in mental health 96
community
  accessing community mental health services 279
  care; suffering from mental illness 3
crisis theory; cognitive therapy model 30
critical theory; multiple meanings of self-harm 177
culturally and linguistically diverse individuals; mental health 194
culture
  central issues for mental health nursing (Editorial) 1
  mental health of CALD young people 194

depot; patients' experiences of depot antipsychotics 110
depression
  exercise, support and postnatal depression 130
  going beyond psychotropic medications 11
  information for assistants in TMS 22
  nurse–patient relationship 103
disruptive behaviours; going beyond psychotropic medications 11
drug
  administration of PRN psychotropic medication 229
  alcohol and drug treatment for women 48

Earth, Sky & No. 8 Wire (Editorial) 87
education
  implementing research findings 251
  medication adherence 148
emergency department; mental health triage scale 288
ethics; presentations and publications (Research Note) 158
evidence-based practice; implementing research findings 251
exercise, support and postnatal depression 130
experience; patients' experiences of depot antipsychotics 110

forensic; burnout and job satisfaction 39
frontal lobe disorder; motivation in parents with mental illness (Research Note) 153

grounded theory
  practice in rural mental health 243
  suffering from mental illness 3
guidelines; presentations and publications (Research Note) 158

hassles and uplifts 271
hermeneutic phenomenology; grief after the suicide of a loved one 74
history; valuing the past 237

information; suffering from mental illness 3
insomnia; going beyond psychotropic medications 11
interpretation; multiple meanings of self-harm 177
intervention programmes; exercise, support and postnatal depression 130
intrafamilial childhood sexual abuse; boundary violation in childhood sexual abuse 186

job satisfaction and burnout 39

lived experience; grief after the suicide of a loved one 74

mainstream; burnout and job satisfaction 39
meaning
  central issues for mental health nursing (Editorial) 1
  multiple meanings of self-harm 177
